POLLS (last run on 17th April)

Are you experiencing materials shortages on site?
- No materials shortages
- Some materials shortages
- Chronic materials shortages

Are the shortages: (click as many as appropriate)
- General materials
- Specialist equipment
- Spares for maintenance

This survey relates to Q1 2020 (January 1 - March 31, 2020).

The following questions should take no longer than 5 minutes to complete, and completing the survey will give you an opportunity to enter our free prize draw to win £200 of Amazon vouchers.

The four trade bodies combined represent around 6,000 organisations working mainly in construction and maintenance. The entire engineering services sector represents some 40 per cent of UK construction and maintenance turnover.

The results of this survey will help the ECA, BESA, SELECT and SNIPEF actively represent the interests of our members, and will help us to develop a high level of recognition of the sector with key stakeholders, including government.

Your answers to this important industry survey are completely confidential.

The survey closes on Thursday May 7, 2020 at 5pm.

Many thanks in advance for your time and input.
