Noon Webinar
23rd June, 2020
All slides and a recording of the webinar are available on the website later this afternoon

- CBI Update
- People Survey
- Cymru/Wales Update
- RPE Survey – please help us
- **World Refrigeration Day (26th June)** - We are talking all things cool with Steve Gill, Founder of International World Refrigeration Day & Julie Murray, Chair - Institute of Refrigeration Scotland
- Q&A
The availability and cost of RPE, and most notably face masks, has become a major issue since coronavirus struck the UK.

Tight fitting face masks are necessary to help protect many engineering services workers against a range of occupational respiratory hazards.

Please take 2 minutes to help us help you by completing this survey

Link being send via chat now.

World Refrigeration Day
June 26th every year
The Coolest Day of the Year
World Refrigeration Day will serve as a means of raising awareness and understanding of the significant role that the industry and its technology play in modern life and society.

Open the eyes of others...

...to the amazing work you do

Refrigeration technology changes lives
• Refrigeration

• (1) Cooling of a space, substance or system to lower and/or maintain its temperature below the ambient one (removed heat is rejected at a higher temperature)

• (2) Artificial cooling

• Cooling

• (1) Removal of heat, usually resulting in a lower temperature and/or phase change

• (2) Lowering temperature
awareness

NOUN

knowledge or perception of a situation or fact.
"we need to raise public awareness of the issue" · [more]
synonyms: consciousness · recognition · realization · cognizance · perception · apprehension · understanding · grasp · appreciation · acknowledgement · knowledge · sensitivity to · [more]

• concern about and well-informed interest in a particular situation or development.
"a growing environmental awareness" · [more]

There is no replacement for human blood...

Thankfully, blood can be stored safely in refrigerated conditions for use when we need it. Refrigeration technology changes lives...
So why is refrigeration like my yellow bicycle?
World Refrigeration Day
Who are we trying to make aware?

What can I do?

Is it just one day a year?
WRD - open days, site visits, school visits – Physical events in 153 countries - educational
WRD – Training, Skills Competitions, meetings
Over 200 associations and societies - & Websites
Diversity was the theme!
A two-day training workshop was conducted at Sir Arthur Lewis Community College on the 18th and 20th June 2019. Members of our association and students were invited to attend at no cost to them, with refreshments served.

On the morning of 26th June two of our pioneers and all members who attended the webinar on “Refrigerants for Life” on World Refrigeration Day at the Sir Arthur Lewis Community College, each received a t-shirt with the World Refrigeration Day logo.

Several interviews were conducted with two of our pioneers on World Refrigeration Day by different media houses and aired on our local television stations the night.

Information on World Refrigeration Day was also printed in one of our main local news paper.
2020 World Refrigeration Day - June 26th

Theme for 2020:

#coldchain4life

- Public awareness programs - mainstream news – Educational
- Online – Social media – Webinars
- 2020 Competition - Photo Competition
- Reach out!
COLD CHAIN 4 LIFE
WHAT IS THE COLD CHAIN AND WHY DOES IT MATTER?

The Cold Chain is the series of actions and equipment applied to maintain a product within a specified low temperature range from harvest/production to consumption, including farming/fishing, food processing, cold storage, transportation, food services, and domestic uses, as well as special products like medicinal products and vaccines.

THE COLD CHAIN SAVES LIVES

50% OF MEDICATIONS MUST BE STORED AND TRANSPORTED UNDER CONTROLLED TEMPERATURES

40% OF THE WORLD’S VACCINES ARE UNUSABLE DUE TO LACK OF RELIABLE COLD CHAIN IN MANY PARTS OF THE WORLD

THE COLD CHAIN REDUCES HUNGER

The world’s population is estimated to increase by 2 BILLION by 2050

MORE THAN 800 MILLION PEOPLE ARE UNDERNOURISHED

50% OF ALL FOOD SHOULD BE KEPT COLD BUT CURRENTLY ONLY 25% IS

Eliminating food loss and waste can feed up to 950 MILLION PEOPLE
2020 World Refrigeration Day (WRD)
International Webinar
COLD CHAIN 4 LIFE

Keynote, Panelists & Moderators
Keynote Speaker

David Appel
President
Carrier Refrigeration

First Panel Session: The Global Context of the Cold Chain Sector

Didier Coulomb
Director General
International Institute of Refrigeration (IIR)

Darryl K. Boyce
President
ASHRAE

Andrea Voigt
Director General
European Partnership for Energy and Environment (EPEE)

Liz Goodwin
Director, Food Loss and Waste
World Resources Institute (WRI)

Second Panel Session: Cold Chain and Global Agenda; Roles of Different Groups

Tina Birmpili
Executive Secretary
Ozone Secretariat

Marcus Gover
CEO
WRAP

Rajan Rajendran
Co-Chair
Global Food Cold Chain Council (GFCCC)

Moderators

Stephen Gill
World Refrigeration Day (WRD) Secretariat

James S. Curlin
Acting Head of OzoneAction
UN Environment Programme
