Enabling

Action

Join In

World Ventil8 Day is all about raising awareness of ventilation and recognizing the clean indoor air community. We want you to be a part of it, whether you are a ventilation professional or someone with a passion for fresh air in a building.

We want to use World Ventil8 Day to share all the great work and stories of people who are enabling better indoor air in buildings around the globe.

Social Media

Join us to engage in the debate.

Share your stories, give your thoughts and spread the word!

Events

Join one of our [#WorldVentil8Day](#) events or why not plan your own!

Resources

Download our free guides, resources and digital toolkit to help spread the word.

Official Support

If your organisation would like to be involved as an official supporter, please get in touch!

If you would like to get involved as a partner or supporter, please email us at info@worldventil8day.com
