**You only complete the questions you need to – if you already have certain types of certifications, these can exempt you from answering some or all of the audit questions, for example:**

- Upload CHAS Elite, Constructionline Gold/Platinum or Achilles Building Confidence Certification in Section A2. Your Business Management Review is now complete, no further questions require an answer.
- By uploading either an SSIP accreditation or ISO45001 Occupational H&S certificate in Section A this will automatically exempt you from answering questions in Section E.

**If you employ less than 5 employees** some questions are either exempt or require a reduced amount of evidence.

The following guide explains each question, what evidence we are looking for and examples of certificates, policy, procedures. We suggest you read through the guide before you start and gather all the documents and evidence you need. We have also **provided links to examples of policy templates** and quick **'How to' videos** for each question to show you how to upload your evidence or supporting documentation in the BESA portal.

Don't forget your BESA Membership Team and BESCA Auditors are on hand to help you through the audit process so don't hesitate to get in touch:
